Dear Scouters:

Every Scout deserves a trained leader and University of Scouting is a Scout leader's learning adventure! It is an action-packed, fun-filled day of basics, as well as advanced and supplemental trainings where you choose the sessions that you want to take. Training sessions will be led by experienced volunteers, who will help you enhance your ability to deliver a fun and exciting program to your Scouts.

Classes are designed to help leaders improve their skills and increase their knowledge about Cub Scouting, Boy Scouting, and Venturing. The University of Scouting is a single day packed with a year's worth of fun, program ideas, and information. In addition, you'll have the opportunity to meet and share ideas with Scouters from throughout the Chickasaw Council.

This year, Chickasaw Council wants all Boy Scouts and Venturing Scouts to be a part of University of Scouting. 25 learning opportunities are being offered that Scouts are encouraged to attend. These courses will teach our Scouts everything from leatherworking, lashing, and cooking to Troop and Crew leadership skills.

The purpose of a training event is to reach more youth through Scouting. Better training leads to a better program. Better program leads to easier recruitment and stronger retention. Recruitment and retention helps us reach more youth.

We hope you enjoy this year's University of Scouting.

Sincerely,

James D. Strickland
